RALPH NOT FAR FROM FORM

GEORGE J. LONG'S GOOD THREE-YEAR-OLD
WORKS MILE IN 1:45 1/2.

Prominent Kentucky Derby Eligible Shows Keen
Speed in Early Part of Creditable Work-Out at
Churchill Downs—Gossip from Louisville.

Louisville, Ky., April 9.—Sparkling speed shown in the first part of Ralph's latest mile trial at Churchill Downs has attracted attention more than ever to the young Kentucky Derby colt. Ralph has all along been considered one of Old Rosebud's most formidable rivals. Ralph went the first half of a mile work-out in 49 and finished out the distance in 1:45 1/2, which was a fifth of a second faster than Old Rosebud's trial at Douglas Park last Tuesday. It showed that Ralph is nearly out of training condition. The trial removes all doubt from the minds of his admirers as to his being ready by May 9, the date set for the running of the Derby this spring.

Seymour Veiller's filly, Christophine, which is engaged in the Derby and is also eligible to start in the Kentucky Oaks, is now going along again in regular training after a rest following her arrival from Mexico. Yesterday she breezed six furlongs in 1:26. Robinetta, another Kentucky Derby and Oaks eligible, is going along steadily in her preparation. Her latest work was three furlongs in 42 1/2. She is surely a grand-looking filly. Her owner, James MacManus, is sweet on her and expects her to fulfill his every expectation this spring.

J. E. Madden is now here superintending the preparation of his Kentucky Derby and Oaks candidate, the slashing filly, Watermelon. She is doing just as well in her training as could be desired and can seemingly run fast and far. Watermelon is from a family of great fame on her dam's side. She is out of Belle of Ashland, a half sister to The Manager, and her great-grand-dam is the dam of the famous David Garrick, which won the \$20,000 Great Trial Stakes as a two-year-old and as a three-year-old picked up 119 pounds and won the Annual Champion Stakes, beating such a great older horse as Ethelbert over the full cup course, two miles and a quarter. Mr. Madden then sold him to Pierre Lorillard for \$30,000, and the latter sent him to England, where he won the great Chester Cup, another two mile and a quarter race, and in which he beat many of the best horses in that country. A remarkable trait in the family to which Watermelon belongs is the fact that mares of this line race as good as the horses of the other sex, as from it came, for instance, the great Modesty, the only filly that ever won the American Derby. Mr. Madden says that he will start Watermelon in both the Derby and Oaks races this spring.

Other recent work of horses in training here embrace a half mile in 53 by Florence Roberts, the same distance in 53 by Spindle and five furlongs in 1:04 1/2 by J. W. O'Shea. The latter, a three-year-old bay colt by Leonidas—Eastern Shore, by The Bard, appears to be a promising maiden. He only started once as a two-year-old last season. In his recent trial he showed keen early speed, going the first quarter in 23 1/2, three furlongs in 36 1/2 and the half in 50.

There is considerable activity in the future books on the Kentucky Derby on William Gerst's maiden colt, Brickley. Enough money has been wagered on this son of Ori Wells to reduce his price from 100 to 1 to 60 to 1.

John W. Schorr, who has arrived here, after looking over the horses he has in training at Douglas Park in charge of his son, John F. Schorr, is much impressed with the development shown by his Derby candidate, Vandergrift. He says that he has been told that this son of Ben Brush weighs 150 pounds more than the Derby favorite, Old Rosebud. Mr. Schorr will remain in Kentucky during the greater part of this spring. He will stay here until the meeting opens at Lexington and will race a few of his horses at that track. He means to take a long respite from all business cares this season and Kentucky will see more than usual of him this season.

Former jockey Walter Brannon, now an assistant trainer in the stable of F. J. Pons, has arrived from Charleston. Mr. Pons will be represented here this spring by three horses—John Furlong, Plant and Judge Wright. The latter four-year-old has been doing stud service in Tennessee this spring. These three horses will be shipped here within the next two weeks in charge of trainer William R. Sallee, with perhaps two or three two-year-olds that Mr. Pons may succeed in picking up in Tennessee. Next season Pons will have in his stable four yearlings of his own breeding. He has at present seven sucklings at his Tennessee farm. Brannon thinks that Judge Wright is sure to stand training this year. When Brannon left Charleston, R. F. Carman's big stable of horses, including his Derby candidate, Surprising, remained at the Palmetto Park course. Brannon was told that April 14 was the date selected for the departure of the big string for Churchill Downs. He said Surprising is taking his work regularly and appears to be in exceedingly good condition at present.

James Griffin, who has a string of eight horses in training at Churchill Downs, says that J. S. McCullough, of Illinois, has in the yearling bay colt by Voter out of the English-bred mare Debauche, by Bend Or, the dam of Hambridge and Judge Wright, as grand a looking youngster of his age as is to be found in America. Debauche was barren this season and has already been mated with the Futurity winner, Sweep. Mr. McCullough's speedy four-year-old, Idle Tale, which was a promising Kentucky Oaks candidate until she was injured last season, has also been retired to the stud. She will be mated this season with the Futurity winner, Grandale.

William Gerst, of Nashville, Tenn., has in training at Douglas Park one of the biggest strings he has had for several years. His stable consists of twenty-two horses. Aside from his Kentucky Derby candidates, Brickley and Macknez, he has a Kentucky Oaks eligible in Cotte.

Trainer Thomas H. Ryan, who also has his horses at Douglas Park, has increased his string there in the last few days to eight horses. The new stable companions to Roadmaster and the other horses Mr. Ryan raced at Juarez came from his farm in Illinois.

Manager M. J. Winn spends most of his time now-a-days at Churchill Downs. He is personally looking after every little detail of the many big improvements he has under way and by Derby Day he will be able to present to the public probably the most slightly racing plant in existence. His daily mail brings him many inquiries in regard to the meeting at Downs this spring and illustrates the remarkable interest evinced from every quarter in the fortieth renewal of the Kentucky Derby, which with the \$10,000 added to it by the New Louisville Jockey Club will make it the richest Derby in the racing history of this state, and the most valuable three-year-old event in this country within the last few years. Secretary Lyman H. Davis is daily in receipt of applications for stall room at the Downs. Long before the meeting begins every available stall will be occupied. Of course, there is an abundance of room with Douglas Park also available to accommodate all stables coming here for the spring meeting, and trainers need have no fear but that they will have comfortable quarters

THIRTY LEADING MONEY-WINNING OWNERS OF THIS YEAR

In such racing as has taken place this year H. G. Bedwell has done quite well and at present leads the list of thirty chief winning owners by a comfortable margin. Annually he works wonders with a big band of ordinary racers. What he could do with some really high-class horses in his stable is worth conjecture. J. O. Talbott is second to him, the two representing the greater fruitfulness of Charleston in comparison with Juarez as winter racing centers. As the best winner at Juarez J. W. Fuller lands in third place. J. Livingston comes next with a stable total already won that presages a big increase over his stable earnings of \$11,220 in 1913. James Butler is another likely to advance greatly when the time for decision of the richest stake races for two-year-olds shall arrive. The present showing of the thirty leading owners is as follows:

GENERAL NEWS NOTES OF THE DAY

The Ontario Legislature has passed a bill barring Chinamen from employing white girls.

Theodore Roosevelt is expected to sail for this country from a Brazilian port May 12.

John D. Rockefeller has presented Wellesley College with \$70,000 to replace the buildings recently destroyed by fire.

Louis Kantor, a San Francisco chauffeur, has been sentenced to two years in the penitentiary for running over and killing a man.

A friend of ex-President Gomez, who is believed to have been the oldest inhabitant of Cuba, Blas Casanova, died in Havana at the age of 129 years.

There is opposition among senators at Washington to the payment of \$25,000,000 to Columbia in connection with the settlement of the controversy over Panama.

The head usher in the Union Station at St. Louis has resigned after having accumulated \$10,000 saved from tips received from travellers during the past ten years.

General Chief Seyferlich of the Chicago Fire Department died from the effects of a cold contracted while attending to his official duties some ten days ago.

The medical health officers of London have declared that myxomatosis is useless, and appeal to the public and the authorities to get rid of the breeding places of the flies.

Important tobacco interests declare the big companies intend to abolish the practice of giving away cash and all other coupons with tobacco, thus saving about \$12,000,000 annually.

The city of Chicago's share of the net earnings of the Chicago Railways company for the year ended January 31, 1914, was \$1,885,822, an increase of more than \$400,000 over that of the previous year.

The American altitude record for an aeroplane has been officially awarded to Theodore C. McCauley by the Aero Club of America for a flight on February 25 at San Diego, Cal., when he attained an altitude of 12,139 feet.

Belfast, Ireland, April 9.—Suffragettes continued their firebrand campaign in Ulster today by burning Ormonds, an old mansion near Garrikerferry, or Belfastborough. The usual suffrage literature was found about the grounds.

General Villa yesterday took over the four principal banks of Torreón. His prize does not include money or negotiable securities, however, as the bankers took the precaution of shipping these out when General Velasco evacuated the city.

The entire force of Texas rangers, totaling at present fifteen mounted men, has been assigned to duty on the Mexican border at Raymondville in response to an appeal from fifty-three persons there for protection against cattle thieves and "killers."

Paris, France, April 9.—M. Hennion, prefect of police, today forbade the holding of the proposed boxing tournament for women to decide the world's championship. Many protests were received by the department of police against the proposed tournament.

A militant suffragette smashed ten cases containing exhibits in the Asiatic section of the British museum. She used a hatchet, but beyond breaking a few specimens of valuable porcelain, she did little damage to the glass cases. The woman was arrested and refused to give her name.

Tokyo, April 9.—The Dowager Empress Haruko died early today from a sudden heart seizure. At 1:40 o'clock the emperor and empress and other members of the royal family were summoned to the bedside. The dowager empress had been suffering from angina pectoris. She was born in 1850.

Los Angeles, Cal., April 9.—W. A. Scripps, eighty, principal owner of the news association bearing his name, and proprietor of several newspapers in the United States, is critically ill with pneumonia at his palatial home in Altadena. He caught cold two weeks ago at his country home at La Jolla.

Returns from every county in Alabama except one give Oscar W. Underwood a majority of 30,443 votes over Richmond Pearson Hobson for the Democratic nomination for United States Senator. Ray Euston was defeated for the nomination for short term Senator by Frank S. White by approximately 20,000 votes.

Washington, D. C., April 9.—Figures were made public in a treasury department statement showing that the revenues from the customs during the fiscal year which ends June 30, 1914, almost certainly will meet and probably will exceed the estimates made when congress passed the new tariff law.

Vera Cruz, Mex., April 9.—Fighting at Tampico, which has been in progress for two days, became more severe today. The rebels have determined to capture the city in this attack and the struggle for possession of the important gulf port, carrying with it control of oil fields worth tens of millions of dollars probably will develop the next decisive en-

agement of the revolution. American war ships are taking refugees on board and will stand off the harbor for the protection of non-combatants and neutral property until the battle is concluded. Marines will be landed if necessary for this purpose.

Washington, D. C., April 9.—Joint informal celebrations of the end of the civil war took place here today and this evening and were participated in by veterans of the confederate and federal armies. The great struggle officially ended just forty-nine years ago today, when Gen. Robert E. Lee surrendered at Appomattox.

Denver, Col., April 9.—The Supreme Court yesterday issued a habeas corpus for the release of "Mother" Mary Jones, held as a military prisoner in the coal strike zone at Walsenburg. The writ is returnable in ten days. The action of the court is the result of a petition presented by Horace N. Hawkins, attorney for the striking coal miners.

Washington, D. C., April 9.—A bill to regulate lobbying in the house was introduced by Representative Floyd of Arkansas for the judiciary committee. It would require every legislative counsel and agent employed by any person, corporation or association to promote or defeat legislation to register and to render an account of all money expended by him in such capacity.

Stockholm, Sweden, April 9.—King Gustave was operated on today at the Sophia Hospital. The surgeons found he was suffering from extensive ulceration of the stomach. The operation, which was in charge of Prof. John Wilhelm Berg, a well-known Swedish surgeon, lasted seventy-five minutes. It was announced that the royal patient's condition was satisfactory, although his majesty was weak.

Washington, April 9.—Open hearings on the administration bill to repeal the toll exemption clause of the Panama canal act began today before the senate committee on interoceanic canals, to continue fifteen days. Authors of nine pending substitute bills or resolutions—five republicans, three democrats and a progressive—had been asked to appear first to explain their proposals.

San Francisco, Cal., April 9.—Betting has opened on the lightweight championship battle to be fought by Willie Ritchie and Harlem Tommy Murphy on April 17, with Ritchie the favorite at tentative odds of 10 to 6. The champion was down today to 137 pounds. He said he would have no difficulty in making the stipulated 135 pounds. Murphy, according to reports, tips the beam now at 138.

Madrid, Spain, April 9.—Winston Churchill, first Lord of the British Admiralty, is expected from Paris. In official circles it is stated that he is coming to confer with Premier Dato in reference to the projected construction of a second squadron for the Spanish navy. As Spain is practically attached to the triple entente, Great Britain's advice in the re-organization of her navy is important at the present time.

Washington, D. C., April 9.—Taking of testimony by the interstate commerce commission on the application of eastern railroads for a five per cent increase in freight rates was concluded, so far as the present phase of the proceeding is concerned. Protestants against any increase in the lake-and-rail rates closed their case with the testimony of Julius H. Barnes of Duluth, who urged that the lake-and-rail carriers were not entitled to an advance in rates because their service was antiquated and unnecessarily expensive to shippers.

Washington, D. C., April 9.—Fearing the introduction into the United States of the melon fly and the Mediterranean fruit fly, the department of agriculture today issued a new order providing for the severe punishment of those who attempt to violate the quarantine declared in 1912 against certain Hawaiian fruits, nuts and vegetables, which might be the means of bringing these two dangerous pests into this country. Anyone who attempts to violate the embargo will be subject to a \$500 fine or imprisonment for a year or both.

Pueblo, Col., April 9.—After breaking their way from box cars in which they had been locked, overpowering a dozen police and railroad detectives, 165 members of "Gen." Kelley's army of the unemployed left a Denver & Rio Grande freight train two miles north of this city today and marched back to town, demanding food. The men were escorted to the city corral, where the police made arrangements to supply a menu of beans, bread and coffee. It was planned to send the army east as soon as cars can be provided.

Washington, D. C., April 9.—Death levied a heavy toll on the aviators of the world during the first three months of this year, according to records kept here. Between January 1 and April 1, thirty-eight men in all parts of the world lost their lives through the uncertainty of air currents of the failure of their flying machines. The United States with five killed stands fourth on the list, which France heads with ten dead. Germany lost eight in the same period, Great Britain seven, Turkey three and Chile, Spain, Argentina, Switzerland and Italy one each. Since Lieut. Thomas H. Selfridge, U. S. A., was killed at Fort Myer, September 17,

NORFOLK RACING CLOSES

METHODS EMPLOYED IN CRUSADE AGAINST
RACE BETTING ARE DENOUNCED.

Magistrate Imposes Severe Sentences Upon Men Arrested Tuesday and Appeal Is Taken—Meeting Goes On, but May Be Abandoned.

Norfolk, Va., April 9.—At a secret meeting of the officials of the Jamestown Jockey Club held tonight it was officially announced that the present schedule of the spring meeting has been discontinued. The blow fell rather suddenly, but was no surprise to race followers, who expected that the meeting would be continued to Saturday at the most.

The management issued the following statement: "The officials of the Jamestown Jockey Club, with due consideration for the best interests of all concerned, have decided to discontinue the meeting which was scheduled to close Friday, April 17. We came here to conduct the meeting under rules recognized and respected everywhere, believing that after numerous tests in the courts of Virginia, that racing as conducted by the Jamestown Jockey Club was legal in all its phases, and serving the best interests of the sport as well as of the community. Recent conditions have brought some question as to the correct interpretation of the existing statutes and until some decision from the higher courts has been handed down, we are desirous of avoiding any conflict of opinion. It is impossible for us to prevent betting on the races by those in attendance; all that we can do is to prevent the establishment of regular stands for betting, and to refuse to accord to anyone, any rights not accorded to the general public.

"Before coming to Virginia we required that the law regulating betting be construed. This was done and the courts having jurisdiction determined that so long as all visitors to the grounds were accorded the same privileges, and so long as the club accorded to no one a fixed place where he could conduct betting, that the anti-bookmaking law was not violated.

"This precedent has now been upset, and we will not consent to the holding of another meeting until the higher courts have construed the laws regulating the subject. If that construction is such that we can conduct racing without a violation of the laws of Virginia we will resume, otherwise the course will be permanently closed."

Norfolk, Va., April 9.—Governor Stuart and the state officials who are engaged in a crusade against betting in connection with the Jamestown Jockey Club's race meeting scored heavily last night when Magistrate J. Burnet Bragg, after an extended hearing, entered a finding of guilty against fourteen defendants arrested by detectives working under the direction of Attorney-General Pollard in the raid on the betting ring at the Jamestown track Tuesday. The magistrate imposed the severe sentence of six months imprisonment in jail, besides a fine of \$100 in each case. An appeal was noted in behalf of each of the defendants and each was held in \$1,500 bonds to await trial by jury. Counsel for the defendants maintained that they had not violated any of the laws of Virginia relating to gambling, the misdemeanor with which they were charged. Harry Marks and Nat Vogel, cashier and sheetwriter for Al Hunt, were among the men found guilty. The action of the examining magistrate was looked upon by the racing folk assembled here as a hard blow and one that is likely to put an end to racing in Virginia unless it is reversed.

The convicted men have all obtained their liberty on bonds furnished by their companies and friends. Their cases will not come up on the appeal until May 4.

Governor Stuart, who has resorted to drastic methods to stop the sport, may take further steps to have the track closed. He has threatened to call the militia if necessary, although horse racing is lawful in Virginia.

An idea of the local sentiment in favor of racing is shown by an editorial printed this morning in a local newspaper, which says:

"The employment by Governor Stuart of the band of mountaineer detectives, armed with pistols and rifles, to raid the betting stand at Jamestown track was an injustice to Norfolk of the most serious character. Nobody will find fault with officials who question the legality of the betting on the races, but the governor's act in turning loose an armed band such as the Hillsville outlaws to make arrests that could have been made by any constable assigned to the job was unnecessary. The sensational and spectacular staging of the arrests would have done credit to the moving picture posing of a round-up of train robbers, and the reports sent over the country put Norfolk in the light of a lawless community, unfit to deal with its own conditions and unable to cope with organized outlawry. The raid has done more to create a reversal of sentiment here in favor of the races than anything that has so far occurred. As is usually the case, the turf has been made the victim of a political feud. The animus existing between the political factions hardly could be indicated better than by the appointment of Judge Bragg to try the cases. He put thirteen men under the extraordinary bonds of \$2,000 each. As soon as Mr. Triplett, bond commissioner of Norfolk county, heard of it he reduced the bonds to \$500."

Racing went on this afternoon at the Jamestown track without any attempt being made to prevent the running of the card. Rumors circulated throughout the town that the state militia had been ordered out and would be at the track this afternoon. The militiamen failed to put in an appearance. In spite of cold and cloudy weather another large crowd journeyed to the course. The fields were small, but the crowd was rewarded by good racing, with most of the favorites scoring.

The feature race of the day, the Hampton Roads Handicap, a selling affair over six furlongs course, drew a small but select bunch of sprinters to the post. Striker, after showing a keen flight of speed, was hard pressed at the end to withstand the challenge of Gaty Pallen. The favorite, Coperton, was third. The latter met with repeated interference, especially on the stretch turn. Bronte, an odds-on choice in the hurdle handicap through the field, dashed to the front after the first few jumps had been cleared and remained there. In this race several new candidates for jumping honors made their debut. Portarlington, the first horse of the year, failed to fall in racing through the field. He went to his knees after successfully taking the sixth jump. His rider escaped unhurt.

Because of the unsettled conditions of affairs here many owners are preparing to ship to Maryland and await the opening of the meeting at Havre de Grace. Others have decided to ship to Canada to race over the half mile tracks.

BUYS FILLY FROM J. W. FULLER.

Denver, Col., April 9.—Jack Richardson, trainer for A. Voiland, has purchased for his employer the two-year-old filly Smuggler, by Marchmont II. —Tariff, and will race her here during the June meeting of the Denver Fair and Racing Association. She was bred by J. W. Fuller and raced several times at Juarez last winter. It is not often that Mr. Fuller sells any of his horses.

GENERAL NEWS NOTES OF THE DAY.

(Continued from first page.)

1908, the first man whose death is recorded as due to experiments with heavier-than-air flying craft, 462 aviators in all parts of the world have died for the cause of science.

A bill to elevate the American legation to Chile to an embassy was introduced by Chairman Flood of the House foreign affairs committee. The bill has the approval of the state department.

The Russian minister of finance during the session of the budget committee of the duma drew the attention of the committee to the expediency of circumventing the disposal of public funds, declaring that the money might be required for military purposes.

President Ban Johnson declared war upon the Federal League when he learned that the Kansas City Federals had signed pitcher Earl Hamilton, under contract to the St. Louis Browns. "The American League will stop Hamilton if it takes every dollar in the treasury to do so," he declared. He signed a liberal three-year contract with the St. Louis Browns, and nothing will be left undone until we check him of his willful violation of his contract."

Omaha, Neb., April 9.—Officers of the national bank of Omaha have drawn up a formal protest to Secretary of the Treasury McAdoo, objecting to the placing of Omaha in the Kansas City district of the reserve banking system. The protest asks that if Omaha may not have a regional bank of its own it may be thrown into the Chicago district, as the trend of its business is in that direction. It asks also that Wyoming, along with Nebraska, be thrown into the Chicago district.

Washington, April 9.—Debate over the selection of the twelve regional reserve cities for the new federal banking system was resumed in the senate today. The discussion followed the calling up by Senator Hitchcock of his resolution providing that the organization committee of the federal reserve board submit all its data and the reasons upon which the fixing of reserve districts was based. The introduction followed a hot debate participated in mostly by southern senators, over the selection of Atlanta and Dallas as against New Orleans.

London, Eng., April 9.—The Pall Mall Gazette parliamentary representative, writing of the chances of compromise, says there is general belief that some definite offer will be forthcoming from the Prime Minister before the critical stage of the Home Rule bill is reached. Advanced unionists are still standing out for an appeal to the country on the terms of Bonar Law's last offer and they will not abate this demand unless they get equivalent concessions, such as permanent exclusion of Ulster pending the formation of an imperial federal scheme.

New York, April 9.—Edward Mendel, a modern Jekyll-Hyde, who was a respected iron and steel merchant by day and a thug in New York by night, was sentenced today to pass the next eighteen years of his life in Sing Sing prison. Mendel, who in Newark was a member of many fraternal orders and clubs, landed Mrs. Pauline Koetzel to an upper west side freight yard in New York and there tore her diamond earrings from her ears. He was captured as he was running from the yard. In court later three other women identified Mendel as the thug who had similarly assaulted and robbed them.

Deer Lodge, Mont., April 9.—Work is to be commenced tomorrow on the important project of substituting electricity for steam as the motive power on the transcontinental lines of the Milwaukee railroad. The line between Deer Lodge and Three Forks has been selected as the first unit for electrification. It is expected that the work will be completed and in readiness for the running of electric trains between these two points by the end of this year. The plans call for the erection of five electric substations to provide the extra power needed on the steep mountain grades.

Memphis, Tenn., April 9.—Freezing and near freezing temperatures were reported from West Tennessee, Arkansas, Mississippi and Alabama by the local weather bureau today. At Fort Smith, Ark., the mercury fell to 30 degrees. At Jackson, Miss., a temperature of 36 was recorded and Vicksburg reported 28. In Memphis the freezing point was reached. Nashville and Chattanooga reported 22 degrees. Indications are that much of the fruit and vegetables in exposed places has been killed. Today the sun is shining and a decided rise in temperature is promised. Much damage was reported to the garden truck and fruit in Arkansas, where in many sections ice formed. Farmers and orchard owners used smudge pots during the night in an effort to protect the fruit trees.

Berlin, April 9.—Professor Czerny, a celebrated Heidelberg surgeon, publishes the career summary of the Deutsche Revue a summary of the results observed by him in 4,000 cases of cancer treated by radium since 1906. His conclusion is that cures have undoubtedly been effected by means of radium and mesothorium, although they have been permanent in only some of the cases. Professor Czerny favors the acquisition by the imperial government of large supplies of radio-active substances for invalids entitled to the benefits of the state insurance system. He thinks it premature to substitute radium for operations, and favors the removal of cancers by the knife, and then the application of radium for the prevention of a recurrence of the growth.

IN TRAINING AT MONTREAL.

Montreal, Que., April 9.—Trainer Willie Walsh, who has a public stable at Blue Bonnets, has three horses now at road work in preparation for the harder training to come later on. Two of the horses are owned by G. S. Brodie, while the other is owned by T. Cushing. The latter owner has in Master Neuka one of the best looking Canadian two-year-olds ever owned in Montreal. This colt is an eligible for the Provincial Nursery Stakes next fall and probably will be taken over the circuit during the summer months and started in the way of a racing education.

The horses owned by G. S. Brodie are Jack Dennerlen and R. H. Gray. These horses have wintered well and have been doing regular work on the roads during the past few weeks, so that they were in fit condition for the faster trials they soon will have to make. Jack Dennerlen will be liberally nominated for the stakes to be run through the field on the Canadian circuit this season.

RALPH NOT FAR FROM FORM.

(Continued from first page.)

for their horses no matter how extensive the strings they ship here. The barns at the Downs as well as at Douglas Park are in excellent condition in every way at the present time.

It is understood here that if negotiations between Jefferson Livingston and H. C. Applegate & Co. for the sale of Old Rosebud come to naught, Mr. Livingston will make an effort to buy the next best Kentucky Derby eligible that may be available. Mr. Livingston is exceedingly anxious to win the Derby. His offer of \$35,000 for Old Rosebud might have been accepted by H. C. Applegate but for the advice of trainer Frank D. Weir, who is understood to have an interest in the gelding. Mr. Livingston has obtained a price on Hodge and has also taken steps to ascertain if George J. Long is disposed to part with Ralph for a reasonable sum. T. Chinn, who has been representing Mr. Livingston in the Old Rosebud negotiations, said after his inspection of the gelding here on Tuesday that Old Rosebud had grown and filled out to a marked degree since last season and can now be described as a good-looking gelding—in fact, he is a much better looking horse than he expected to see. When he was worked for the benefit of Mr. Chinn on Tuesday jockey J. McCabe received instructions from trainer Weir to rate him along a mile in about 1:46. The fractional of the trial were as follows: Eighth, 13%; quarter, 26%; three-eighths, 39%; half, 52%; five-eighths, 63%; three-quarters, 1:19; seven-eighths, 1:35%; mile, 1:45%, pulled up.

NOTES OF THE TURF.

Evan broke down at Juarez in the matinee racing of Sunday last.

Jockey Clarence Turner has become a father, his wife having just given birth to a daughter at her home in North Vernon, Ind.

Oakley, recently sold at auction at Montreal, has again changed hands and is now the property of John MacKassey, who will race him over the half mile tracks in Canada.

When E. R. Bradley bought Pastorella (dam of Colin) for \$2,000 at the James R. Keene disposal last fall, he expected to appear in foal, but she foaled a handsome colt by Voter at Idle Hour Farm Tuesday.

Few horses remain at Juarez, most all having gone to Tulsa, Canada and Denver. Members of General Carraza's staff are negotiating for the purchase of several still left there and are planning to use them for saddle purposes.

Jockey Harry Bresch, who was so seriously injured at Norfolk Tuesday, is now at home. His mother is a widow and he has been contributing to her support. The boy is under contract to W. A. Kiwan, but was riding at Norfolk under J. A. Strode's management.

In the excitement of Tuesday's raid on the betting ring at Jamestown one of the detectives was knocked down by one of his own men with the butt end of a revolver. James V. Trehy, clerk of the Norfolk City courts, who was a spectator at the track, objected to the methods employed by the detectives and was struck in the face with a gun. The gun was taken from the detective by the crowd, who wanted to handle him roughly. Mr. Trehy appealed to his friends not to resort to violence and the matter was not hurt.

George Wingfield, who is establishing a thoroughbred breeding farm at Reno, Nev., recently purchased the stallion Starbottle from R. F. Carman. This good son of Hastings and Sunfish was bred by August Belmont at his Nursery Stud, and is a magnificent individual. Another recent purchase of Wingfield's was the mare Celestia. Mr. Wingfield proposes to race her for another season, and then have her join the other mares at his Reno establishment. He also proposes to build a race track, and altogether he has gone into breeding and racing with an enthusiasm that bids fair to produce results.

George W. Gall is busily engaged in framing the program for the spring meeting of the Meadow Brook Steeplechase Association, which this year will be run over Harry Payne Whitney's Wheatley Hills estate. For the past few seasons, the Meadow Brook Association has made use of the Belmont Park Terminal course, and its meetings have been singularly successful. The association has been making over to the trainer these horses can be turned over to a trainer these horses can be overcome. The size and development of the horses turned out at Mr. Giddings' Cedar Grove Farm as compared with the physical inferiority of many animals that have to shift for themselves during the years when they really need most care amply demonstrate that. Many a capable trainer has been blamed because he could not immediately make race horses out of the half-bred and ill-developed material that has been turned over to him on the unfounded assumption that a horse needn't be well grown, so long as he is well bred. The change in policy is in evidence now at Brookdale, and the two-year-olds of this season are a bigger, better-looking and more fully developed lot than used to be shown at three years old. So impressive are they that it is plain that the Barrie horses look the most formidable of any stable now preparing material for next year's King's Plate.

CHANGING METHODS IN CANADA.

In writing of the horses of the Messrs. Dymont, at Barrie, Ont., Francis Nelson makes this comment in the Toronto Globe:

"There is a new era in breeding operations at Brookdale, and it is realized that raising thoroughbreds in this part of Canada is attended by certain handicaps on account of our weather. If the climatic conditions are provided against by increased attention and special feeding during the period preceding the time when the horses are due to be turned over to a trainer these handicaps can be overcome. The size and development of the horses turned out at Mr. Giddings' Cedar Grove Farm as compared with the physical inferiority of many animals that have to shift for themselves during the years when they really need most care amply demonstrate that. Many a capable trainer has been blamed because he could not immediately make race horses out of the half-bred and ill-developed material that has been turned over to him on the unfounded assumption that a horse needn't be well grown, so long as he is well bred. ANSWERS TO QUERIES.

Communications without names and addresses will not be noticed nor answered. No answers will be sent by mail and none by wire unless reply prepayment is made at time of wiring query.

Will D. Dayton, O. See reply to C. H. G.
F. J. B. Cincinnati, O. Buzz Around's prices were correct as published in this newspaper.

Wm. E. S. San Francisco, Cal. The combination won as made. The bookmaker's misinformation had no standing against the fact that Milton Roblee not only had not been scratched, but started and won.

C. H. G. Galesburg, Ill. Owing to the raid on the betting ring, no racing was held at Brookdale after the second race. The quotations are of betting done under the New York plan of last year and are all that could be had.

C. W. Buffalo, N. Y. You state your views so clearly and intelligently that it seems a wonder you did not make your bet so that no controversy could arise. A better's intention should usually be a controlling factor, but the intention should be clearly expressed when the bet is made. The opinion formerly advanced is not changed.

GOSSIP FROM BLUE GRASS REGION.

Lexington, Ky., April 9.—The weather today was clear and cold, but there was little doing for want of a good track at the Kentucky Association grounds. Trainers expect, however, that the going will be good by tomorrow and with a view to working out on the main course a number tightened up their charges on the sand track this morning.

W. C. Burke left New York for Lexington last night. His horses are here and are in good shape. Trainer W. H. Karkick advised Superintendent James P. Ross today that he expects to arrive here with the Knapp and Hitchcock racers about April 16.

CORRECTION OF ODDS.

The show odds against Province in race 13922 were 1-2, instead of as previously printed.

Winner—Ch. h. by Gane Coon—La Greque (trained by R. C. Evans).
Went to post at 2:45. At post 1 minute. Start good and slow. Won cantering; second and third driving. COMING COON outran the others from the start and drew out in the stretch to win in a canter. CYNOSURE ran a good race for him and always held second place safe. HENRIETTA W. began slowly, but came around on the outside and finished fast and gamely. FLASK also showed speed and was gaining at the end. MALIK ran a dull race. PAWN showed speed.
Scratched—13916 Surpass, 104; 13897 Sweet Times, 115.
Overweights—Coming Coon, 3 pounds; Trovato, 3.

13928 SECOND RACE—About 1 1-2 Miles. (Over Hurdles.) 4-year-olds and upward. Handicap.

Winner—B. g. by Scintillant II—Triana (trained by J. T. Temple).
Went to post at 3:26. At post 1 minute. Start good and slow. Won cantering; second and third driving. BRONTE went to the fifth jump, then went into the lead and was under a strong pull for the remainder of the way. ORDERLY NAT fended poorly, but was much the best of the others. TOM CAT ran gamely. PORTARLINGTON was running a fairly good race until he fell. UNION JACK jumped badly.
Scratched—10880 George S. Davis, 135.

Winner—B. m. by Ogden—Busy Maid (trained by H. Penny).
Went to post at 3:26. At post 1 minute. Start good and slow. Won driving; second and third the same. THRIFTY was slightly lame when going to the post, but showed much the most speed to the stretch, then tired badly and was just able to last the distance. PROTAGORAS ran as if best, had a poor start and had to make up ground on the outside, but finished with a rush and would have won in a few more strides. INCISION always held a good position and had no mishaps. CLEM BEACHEY was shuffled back while going down the backstretch. CHANTICLOR and AVE showed speed, but tired in the stretch drive.

Winner—Br. g. by Disguise—Contentions (trained by A. J. Stafford).
Went to post at 3:45. At post 2 minutes. Start good and slow. Won handily; second and third driving. STRIKER began slowly, but rushed into the lead after going the first quarter and held it to the finish, but was doing his best at the end. GATY Pallen set the early pace and, saving ground on all the turns, held on well in the final drive. FEATHER DUSTER lost considerable ground by a wide stretch turn and but for this would have been closer to the winner. COPELTOWN was hard ridden throughout, but could not overtake the leaders and can do much better. ANAVRI quit as if short.
